All Handlers exit with all stock and go to adjoining arena and enter with all stock.

Drive/Fetch thru Cross Drive Panels – 5 points

Level 3 handlers must remain in the vicinity of the arena gate and drive the stock thru cross drive panels.

Level 2 handlers may go half the distance to the cross drive panels.

Level 1 handlers may fetch the entire way.

Y Chute - 5 points

All handlers after the stock exit the cross drive panels may fetch the stock to and thru the Y chute.

Pen – 10 points

All handlers: After the stock exit the Y chute may fetch to the pen and put the stock into the pen.

Exit the Pen – 15/5 points

Level 3 handlers go to gate, gate sort 2 head out of the arena **10 points** then perform a hold at the pen for the remaining stock & re-pen. **5 points**

Level 2 and 1 handlers may fetch to the hold area, perform a hold then go to the gate & re-pen/ stock without them crashing the gate. **5 points**

HRD Course Map

ELIGIBILITY

All dogs nine months of age or older are eligible to participate in Herding trials and JHD. Dogs classified as Herding Dogs in AHBA are eligible for HERDING TEST (HCT). No dog may be entered in two classes on the same course with the same kind of stock under the same judge at any Test/trial. Bitches in season shall run in drawn running order without adjustment.

AGREEMENT

I (We) acknowledge that the “Rules Applying to Registration and Dog Shows” and the “Regulations for Herding Tests and Herding Trials” have been made available to me (us) and that I (we) agree that the club holding this herding test or trial has the right to refuse this entry for cause which the club shall deem to be sufficient. In consideration of the acceptance of this entry and the holding of the Herding test or Trial and opportunity to have the dog tested or judged and to win prize money, ribbons or trophies, I (we) agree to hold this club, it’s members, directors, governors, officers, agents, superintendents, or show secretary and the owner or lessor of the premises and any employees of the aforementioned parties harmless from any claim for loss or injury which may be alleged to have been caused directly or indirectly to any person or thing by the act of this dog while in or upon the herding test or trial premises or grounds or near any entrance thereto, and I (we) personally assume all responsibility and liability for any such damage or injury, be caused or alleged to be caused by the negligence of the club or any of the parties aforementioned, or by the negligence of any person or any other causes. I (we) hereby assume the sole responsibility for and agree to indemnify and hold the aforementioned parties harmless from any and all losses and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting herefrom, sustained by any person or persons, including myself (ourselves) or on account of damage to property arising out of or in consequence of my (our) participation in the Herding Test or trial, howsoever such injuries, death or damage to property may be caused, and whether the negligence of the aforementioned parties or any of their employees or agents, or any other persons.

I (we) will pay for any livestock injuries or replacement value in the event of death of any livestock by the dog entered, I (we) will assume total responsibility for any damage. I (we) agree to pay the full market value of the injured animal in case of serious injury, or the veterinarian bill if the injury is slight.

COURSE #2 HTAD

The designations North, East, etc. are for purposes of description only.

The course may be mirrored.

The handler's post is located approximately halfway between the North and South ends of the arena, or a minimum of 110 ft. from the set-out gate, 20 ft. off of the West side. The free-standing pen is located half-way between the handler's post and the South end of the arena, 20 ft. from the West fence. (A trailer may be substituted for the pen.) The opening of the Y chute is located approximately halfway down the length of the arena on the East fence, or a minimum of 110 ft. from the area just in front of the gate of the free-standing pen. The Y chute should be no less than 12 feet long and no more than 4 feet wide with an opening of 12 feet. (A bridge may be substituted for the Y chute.) The panel obstacle is located 20 ft. from the West side and 30 ft. from the North side of the arena, set parallel to the West side and with a 12 ft. opening. The sorting area is the area roughly between the free-standing pen and the handler's post. The free-standing pen should be 8-10 ft. on each side for sheep, 10-16 ft. on each side for cattle. For poultry, all dimensions are 1/2 that for hooved stock.

ELIGIBILITY

All dogs nine months of age or older are eligible to participate in Herding trials and JHD. Dogs classified as Herding Dogs in AHBA are eligible for HERDING TEST (HCT). 1. Gather or Take-Pen

Gather: The stock are let out at the reopen gate and allowed to settle. HTAD I handlers take the dog to a point approximately one-half the distance from the handler's post to the stock and leave the dog; the handler may move to approximately 15 ft. from the stock and send the dog to gather. HTAD II handlers leave the dog at the handler's post and move to a point approximately halfway between the post and the stock and send the dog to gather. HTAD III handlers and dogs stay at the handler's post, and the dog is sent from there to gather the stock. At all three levels the stock are brought to and around the handler's post, on the side between the post and the Y chute. The gather ends when the stock have gone just past the handler's post.

Take-pen: HTAD III handlers must remain outside the pen while the dog brings out the stock. HTAD II handlers may enter the pen with the dog but should not move the stock themselves. HTAD I handlers may enter the pen and assist the dog in moving the stock. An exception is made for cattle, where the handler may go in and assist if necessary at any level. If the stock come out on their own volition without the handler or dog entering, there is no penalty. The stock are then taken to the point on the course where the handler's post would be located for the gather. Scoring for the take-pen ends when the stock have reached the point at which the handler's post would be located. The course then proceeds as indicated in the description.

2. Drive

The stock are taken South between the West fence and the free-standing pen, then around the pen to a point just in front of the pen gate. Handlers at all levels may accompany the stock to this point. The stock are then driven to the Y chute. HTAD I handlers may accompany the stock and dog, fetching or driving or a combination of both. HTAD II handlers may accompany the stock and dog to a point halfway to the Y chute. HTAD III handlers must remain at the position in front of the pen while the stock are driven to the Y chute. The drive ends when the stock reach a point 10 ft. in front of the Y chute.

3. Obstacle 1

The stock are taken through the Y chute. HTAD II and III handlers remain at the designated location until the stock have cleared the Y chute. HTAD I handlers remain at the entrance of the Y chute until the stock have cleared it. Obstacle 1 ends when the stock have cleared the Y chute.

4. Obstacle 2

Upon the stock exiting the Y chute, HTAD I handlers may fetch or drive the stock through the free-standing panels, Obstacle 2 (none the handlers may go through the panels). HTAD II handlers must stay on the post side of the handler's line (which runs across the width of the arena, even with the outside edge of the panel obstacle that is nearest the center of the arena) until the stock have cleared the panel obstacle. HTAD III handlers will remain behind a handler's line that runs the width of the arena even with the handler's post until the stock have cleared the panel obstacle. Once the stock have cleared the panel obstacle, the stock are turned to the left and taken to the pen; all handlers may take any position relative to the stock when going to the pen. Obstacle 2 ends when the stock have cleared the panels.

5. Obstacle 3

The stock are penned in the free-standing pen. Scoring for the pen ends when the pen gate is closed.

6. Sort

The animals are taken to the sorting/hold area. HTAD I and II handlers briefly hold the stock, then take them to the reopen. For HTAD III handlers, the sort may be one of the following: (a) Gate sort. (b) Ribbon-removal/shed. The sort ends for HTAD I and II at the conclusion of the hold, and for HTAD III when the gate is closed on the sorted animals, or when the ribbon has been removed/ animals have been shed.

7. Re-pen

The stock are taken to the re-pen and held a short distance off the gate while it is opened, and then are re-penned. When a gate sort has been used, the animals that had been left out in the arena are re-penned. The run ends when the re-pen gate is closed.
